We are unable to say whether there will be a Chancery Court at Bonton next week, Mr. Weicker not having received his commission the last heard from him, in consequence of the sheriffs of Bledsoe and Sequatchie counties failing to make reports of election.

TO Our friend, CHARLEY COLE, of that clever sheet, the Abingdon Virginian, has been in this part of the vineyard for a few days past. Like all printers who have fought the good fight and kept the faith, he is looking well and comfortable,

Rev. G. A. CALDWELL placed on our table on Wednesday a basket of excelall hands, including the printer's devil, who has a fine relish for such favors. Brother Caldwell is the right sort of a pastor. He not only looks carefully after the spiritual welfare of his flock, (of which we are an honorary member,) but is ever ready to contribute to their "creature comforts." May he live many years to do good, and each year heaven increase his basket and

that whatever mail matter may reach your place for Decatur, Tennessee, should be promptly for-warded. This, for some time, has not been done. To-day the mail brought nothing to this place for Meigs county, as I am advised by the Post Master. Where the wrong is cannot be known here, nor is it believed that the wrong, wherever it may be, is intentional. However, the bringing to public notice, that there is mismanagement or derunge-ment somewhere, can do no injury nor insult any one, and may cause our listle mail matter to one, and may cause our listle mail matter to reach its destination promptly. Could all but know how anxiously the people here await the arrival of our semi-weekly mail, more attention would doubtless be hed to its correct transmission. July 29, 1862.

A Yankee General Eclipsed.

The Savannah News says that astronomer Mitchell, whose brilliant achievements over the unarmed population of Huntsville, rival the glory of his discoveries in the firmament, has been sent home in disgrace. The cause assigned is that he has been using the Lincoln Goverument funds in cotton speculations, and is a defaulter to a large amount.— The immaculate Butler-himself, whose praises fill ail Yarkeedom, is in partner-ship with his brother, daily making a fortune by speculation. At New Orleans Pic and his brother, by an ingenious system of annoyance, at one time compelled several vessels to sell their cargoes of flour to him at the Balize at \$12 per barrel, and these same cargoes were then brought up to the city and doled out to the people under the active supervision of this adventurous, patriotic and loyal pair, at forty dollars per barrel.

A contrast.

A few nights ago, at the great "Union" mosting in New York, Dr. Francis Lieber, a renegade from his adopted State, South Carolina, made a flaming speech, calling for the subjugation of the South. Two weeks before, his son, Charles Lieber, a brave Confederate soldier, fell by a Yankee builet, while charging and dissatisfeed on was incompared. Mobile, July 27.—A special dispatch to the Advertises & Register, from Chattanooga 26th, says Col. Lawton, of the 2d Ga. Cavalry, arrived to-day with three Yankee Lieutenants, prisoners captured near Nashville.

Gen. Forrest burned three bridges over Mill Creek, on the Nashville road. He had an engagement with a party of Federals, killing ten, wounding affecen, and capturing eight. He was within three miles of Nashville. Great excitement prevailed wherever he appeared. The patriotic citizens made his progress a grand ovation along the entite route.

Richmond, July 27.—Northern papers to the 24th say Gen. Halleck, is appointed Commander-in-Chief of the whole land forces of the United States.

Gen. Pope has issued an order requiring the arrest of all male citizens within reach of the "Army of Virginia." He requires them to take the oath of allegiance or be removed beyond the Federal lines. This order has produced much excitement in Fredericksburg, and number of citizens are leaving.

Jackson, July 28.—Both fleets have abandoned Vicksburg—the lower fleet passing Natchez yesterday evening.—This ends a two months' siege, during which all the casualties to the Confederate forces, both naval and military, sum up thirty-three. The damage done the city amounts to forty thousand dollars.—To accomplish this the Federals have thrown fifty thousand shells, lost a letter bag and contents, and admit their thrashing by the Arksmaz, and their inability to take Vicksburg.

The Federals are threatening camp Moore, 80 miles this side of New Orleans.

The Etna has arrived at Cape Race with European dates to the 17th. The fighting before Richmond is largely canvassed in England. The London Times is particularly bitter and sarcastic, and treats the matter as a decided Confederate victory. It thinks there are good evidences in the North that the beginning of the end is not far off. In another article, it denounces the insolence of Butler in his intercourse with the Forcign Consuls of New Orleans.

The Morning Post says the affair apt proaches a crisis. Neutral nations cannot much longer remain passive spectators. It paints the past policy of England, as recognizing the successful opposition of the Nouth to the Government of the North, and says, if the North would take the initiative, andssail with the current which it cannot stem, the neutral States might be saved the disagreeable necessity of discharging a most disagreeable duty.

Lord Palmerston, in a speech before the Volunteers spake impressively; and some say significantly of the importance of maintaining the efficiency of their movement. SECOND DISPATCH.

Richmond, July 20.—The opinion gains ground that McClellan is gradually evacuating Berkley and reinforcing Gen. Pope. No news here to-day.

Augusta, Ga., July 30.—The Savannah papers of this morning state that four or five Federal gunboats attacked our batteries at Genesis Point on the Great Ogeochec River, yesterday morning. The gunboats were repulsed. No loss on our side. The quarters in the battery were damaged by the enemy's shot and shell.
